

COURSE DESCRIPTION

Study program		Master		
Module		Religiological master program		
Type and level of studies		<i>Master studies</i>		
Course name		Final Paper Thesis		
Teacher (lectures)				
Teacher/Associate (exercises)				
Teacher/Associate (additional forms of classes, research work)				
ECTS	20	Course status (obligatory/elective)		
Attendance percentage				
Course objectives	The ability to demonstrate theoretical and methodological competence for independent research work, critical approach to existing literature and ability to independently make conclusions in the selected field of research based on the application of objective research methods and techniques and basing on a specific empirical material.			
Learning outcomes	Possession of theoretical-methodological competency for independent research work in the selected field, competence for lifelong scientific-professional training and work on tasks of a higher degree of complexity in relation to the competences acquired in the basic studies.			
Course content				
Lectures	Constructing a research plan based on an insight into the history of the issue and the level of the development of the selected topic; collecting relevant literature, its selection, systematization and critical valorization; collection of empirical materials for analysis; planning of research methods and techniques; carrying out scientific research in co-operation with mentor; self-evaluation of the results obtained; formulation of the text of the masters paper and its defense.			
Practical classes (exercises, additional forms of classes, research work)	Independent work with literature and sources, consultation with the mentor.			
Literature
