Attendance	
-------------------	--

Course objectives	Introduction to the reception of biblical texts of the New Testament in the patristic epoch.
--------------------------	--

Learning outcomes	Mastering independent work on patristic texts in order to find ways and means of reception of biblical texts of the New Testament.
--------------------------	--

Course content

Lectures	1. Theological assumptions and methodological characteristics of the patristic exegesis; 2. exemplary exegetical analysis of Old Testament texts in patristic classics; 3. exemplary analysis of New Testament texts in patristic classics; 4. paradigmaticity and actuality of patristic exegesis.
-----------------	---

Practical classes (exercises, additional forms of classes, research work)	Processing of the same thematic units from the applicative aspect, with emphasis on the independent reading and understanding of the classics of patristic literature, as well as practical enabling of the candidates for the productive use of sources / literature - by presenting exegetical topics and problems within the framework of exercises or independent seminar work.
--	---
